OBJECTIVE

To secure an opportunity in a dynamic and innovative organization where I can apply my ongoing education in Computer Science and Design, along with my skills in Java, C, and web development. Passionate about UI/UX design and software development, I am eager to contribute, learn, and grow professionally through real-world projects and collaborative experiences.

EDUCATION

Bachelor's degree in Computer Science and Design Engineering

Kongu Engineering College

📅 11/2022 04/2026 📍 Perundurai

Higher Secondary Certificate (HSC)

Saratha Matric Higher Secondary School

📅 05/2022 📍 Gobichettipalayam

Secondary School Leaving Certificate (SSLC)

Saratha Matric Higher Secondary School

📅 04/2019 06/2020 📍 Gobichettipalayam

INTERNSHIP

Kuriyam.io - Application Developer Feb 2025 - Jun 2025

Aadhooram – Patient Management System (React Native, API Integration)

• Worked as a Frontend Developer and UI Designer for a healthcare app to securely manage patient records and lab details.

• Designed and developed intuitive UI components using React Native for smooth user interaction.

• Integrated APIs to connect with the backend database, enabling efficient CRUD operations on patient and laboratory data.

• Ensured secure data handling and compliance with healthcare standards.

• Collaborated with the backend team to maintain performance and scalability.

Participations

- Presented a research paper at **KPRIET** as part of a technical symposium.
- Participated in coding competitions hosted by **CIT**.
- Actively took part in multiple interdepartmental events for both paper presentations and coding challenges.
- Secured **2nd prize** at **Vellalar College of Engineering and Technology** for creating an animation using JavaScript.

Campus Involvement

O **Cordinator**
Department Coding Club Cordinator

Computer Society Member
A memeber in Computer Society of India in college

SKILLS

Java HTML React Node

Express MongoDB C

Javascript UI/UX React Native

CERTIFICATIONS

- Certified **MongoDB Associate Developer.**
- Completed "**Introduction to Augmented Reality and AR**" by Google AR & VR on Coursera.
- Earned Coursera certificate for "**Foundations: Data, Data Everywhere**" by Google.

PROJECTS

NirFit - A Fitness Tracker (React , JavaScript ,FireBase)

Projects focusing on Fitness Tracker Challenger
•Calories Calculator
•Excercise for 30 days

MahalakshmiSteels (ReactNative, JavaScript, Express, MongoDB)

Project focusing on Steel Business App
• Quotation Request System
• Steel Product Selling Platform
• Cost Calculation Feature
• Admin Panel for Scrap Updates
• Real-Time Scrap Price Display

UserDetails (React, JavaScript, Express, Mongo DB

Storing of User Details
•It helps to store the details of the users
